**Subject:** KEEP OUR WORKING HARBOR VIABLE

Please reject any cleanup plan that doesn't respect Portland Harbor's important role in our economy.

Please know that so many important jobs in Portland are tied to the Willamette River. I support a river cleanup but I'm worried that the plan will be so inflexible and expensive that it will drive out small businesses and harm major employers in our state and region.

Thank you for allowing me to weigh in on this important process. Please make sure the cleanup is good for our environment and our economy.

Jack Isselmann
